

TROR Certification/Verification Form
TREASURY REPORT ON RECEIVABLES DUE FROM THE PUBLIC
FOR THE FISCAL YEAR ENDING SEPTEMBER 30, 2006

- I. I have reviewed the information presented in the Treasury Report on Receivables (TROR) submissions for the fiscal year ending September 30, 2006. In my opinion, all of the receivables information specifically presented in the TROR is accurate and consistent with the agency accounting systems and the delinquent debt information reported in Part II, Section B is accurate and legally enforceable.

- II. I have reviewed the information presented in the Treasury Report on Receivables (TROR) submissions for the fiscal year ending September 30, 2006. The receivables or delinquent debt information presented in the TROR is not consistent with the agency accounting systems.

Attached is a list identifying the reporting entities and the parts of the form that I am unable to certify/verify with an explanation as to why certification is not possible, and a target date for when such certification can be submitted to the Department of the Treasury-Financial Management Service.

Verification

All 4th quarter (year-end) reports must be **verified** by the submitting Agency/Department's Chief Financial Officer (CFO) or equivalent.

Verification of the Receivables Report means that the report has been reconciled to the agency's Audited Financial Statements to the Federal Agencies Centralized Trial-Balance System (FACTS).

Only one verification at the Agency or Department level is to be submitted. The verification is to be submitted by the Agency/Department CFO or equivalent.

The verification should state that **the information presented in Part I, Section A, Ending Balance line of the "Report on Receivables Due from the Public" was reviewed and is reconciled to the receivable balances in the agency's (a) Form and Content -Audited Financial Statements, i.e., the Balance Sheet and (b) FACTS.** If the report is not reconciled to the Balance Sheet and FACTS, the verification should so state, with an explanation as to why verification is not possible. Agencies should also disclose the audit opinion of the Financial Statements or any issues regarding the pertinent accounts.

FMS acknowledges that there will be differences among the balances reported since the Receivables Report presents the gross book value of receivables as opposed to the net present value presented on the Audited Financial Statements and in FACTS. **Agencies are requested to define these differences and disclose any discrepancies in a separate document to be returned with the signed Certification/Verification.**

Note: Report accrued interest on this report the same as it is reported in FACTS and the financial statements, up to 180 days of delinquency. If interest is accrued on debts over 180 days delinquent and is included in FACTS submissions and on the audited financial statements, report it in the TROR with a footnote.

Include in the TROR all receivables for programs that are administered by the agency. Receivables are reported with the program that first generated the receivables unless there was a transfer by book entry to another entity.

Certification

All 4th quarter (year-end) reports must also be certified by the submitting agency's CFO or equivalent. Certification means that the delinquent debt information reported on the Receivables Report for cross servicing and offset in Part II, Section B, is correct and legally enforceable.

Only one certification at the Agency or Department level is to be submitted. The certification is to be submitted by the Agency/Department Chief Financial Officer or equivalent.
